## Product Description:

**Buick Verano, the liquid crystal instrument panel and digital dashboard are applicable to the models from 2015 to 2022. There are four instrument modes.**

Buick Verano's liquid crystal instrument and digital dashboard are suitable for models from 2015 to 2022. It features four instrument modes

that can be freely switched. It is equipped with an Allwinner T5 chip, runs on the Linux system, and has a 12.3-inch QLED screen with a resolution of 1920\*720. The clear screen offers a visual feast.

The voice system supports languages such as Chinese, English, French, Turkish, and Spanish. This instrument supports wireless CarPlay and Android Auto, as well as HDMI video input. It can synchronize with the in-car navigation screen. It also supports control via steering wheel buttons. Installation is easy.

### Configuration information:

Allwinner T5 chip, Linux system, 2GB RAM + 32GB ROM

12.3-inch QLED screen, resolution 1920\*720.

Operating system language: Chinese, English, French, Turkish, Spanish.

Interface: USB/HDMI

Operating temperature: -40 ~ +80

### Instrument configuration:

1. Basic version: Compatible with information displayed on the original car instrument panel, such as tire pressure, mileage, fuel gauge, speedometer, etc., with multiple theme UI modes for free switches, gravity sensors, HDMI interfaces, and support for multimedia display.
2. Basic version + carplay: carplay
3. Basic version + carplay + blind spot view: the highest configuration

### Function Introduction:

1. Supports 4-channel imaging and blind spot monitoring.
2. Keep all information and functions of the original car.
3. Includes 4 modes: Standard, Classic, Sport, and Comfort.
4. Supports CarPlay screen projection and Android Auto.
5. Supports HDMI video input and can synchronize with the car navigation screen.
6. Easy to install, plug and play.
