### Cadillac ATS Instrument Panel Digital Dashboard Suitable for 2013-2015 2015-2018

The Cadillac XTS dashboard is suitable for 2014-2017. It uses a Linux system, a 12.3-inch QLED screen, and a 1920 \* 720 resolution. It has two interfaces: USB/HDMI, with a working temperature range of -40 to +80. Supports steering wheel button control and can also adjust instrument brightness. Its voice systems include Chinese, English, French, Turkish, Spanish, etc. There are four modes to switch between: Standard, Classic, Sport, and Comfort. It also supports CarPlay and Android screen mirroring, and retains all the information and features of the original car. It is easy to install and plug and play.

#### Configuration information:

1. Interface: USB/HDMI
2. Operating temperature: -40 ~ +80
3. 12.3-inch QLED screen, resolution 1920\*720.
4. Allwinner T5 chip, Linux system, 2GB RAM + 32GB ROM
5. Operating system language: Chinese, English, French, Turkish, Spanish.

#### Instrument configuration:

1. Basic version: Compatible with information displayed on the original car instrument panel, such as tire pressure, mileage, fuel gauge, speedometer, etc., with multiple theme UI modes for free switches, gravity sensors, HDMI interfaces, and support for multimedia display.
2. Basic version + carplay: carplay
3. Basic version + carplay + blind spot view: the highest configuration

#### Function Introduction:

1. Support instrument brightness adjustment
2. Keep all information and functions of the original car.
3. Supports CarPlay screen projection and Android Auto.
4. Includes 4 modes: Standard, Classic, Sport, and Comfort, which can be switched freely
5. Easy to install, insert, and use.
